March 08, 2011

Dear Members,

Sub: Trade Verification Facility

In our constant endeavor to enhance investor safety through several investor friendly measures, the Exchange has provided the trade verification facility for ease and convenience of verifying trades. Trade Verification module is a very simple tool to verify trades. The data on trades is available on T+1 day and for upto 10 trading days.

A facility to send SMSs has been added as an additional feature. Thus, all investors who are registered on the Exchange website would receive an SMS on the designated mobile number at the end of each trading day giving a summation of the trading activity. Besides, an email would also be sent on the registered email id providing the trading details. This is in addition to the existing facility of verifying trade details from the Exchange website.

For availing of the facility, investors are required to register on the website at <http://www.nseindia.com/tv>. Existing registered investors are required to visit the website to activate the facility. Transactional data will be sent to investors for the client codes listed at the time of registration. Whenever investors open a new trading account, they are required to provide details of new trading account to receive details over SMS / email.

Members are advised to take note of the above and encourage their clients to register for the above facility.

In case of any clarifications, please contact the following officials Ms. Riddhi Shethna, Ms. Vidhi Doshi, Mr. Hiren Sheth and Ms. Vaishali Bandekar, on 022-26598193/366 or mail at uci@nse.co.in.
